

Grade 8 Science

Dr. Day

Week 5: September 25th -29th, 2017

Lenses and Prisms

On Tuesday we will review what we have learned so far and get back our quizzes from last week. Wednesday we will do a lab to help us understand prisms, and lenses. Finally we will begin a light relay in teams.

Homework: Please see the live updating Homework link under Resources on my teacher page

Tuesday: Make sure your reflection and refraction lab is done

Wednesday: Finish you prism and lens lab

Thursday: Now homework! Have a good weekend
