## Crossroads Academy 2022 Incoming Third Grade Summer Reading

Read, read, read! Reading is the cornerstone of scholarship and academic success. Reading for fun has been identified as a crucial factor in building vocabulary and increasing comprehension. Summer vacation is the perfect time to encourage this practice. Each student should read or be read to every day over the summer for a sustained period of time of at least 30 minutes per day. Crossroads Academy expects your child to read high quality literature in a variety of genres.

Students should keep a record of the time they spend reading on the attached reading log. Please have your child record three favorite books read during the summer. Your child should bring in this form and the reading $\log$ on the first day of school.

In addition to the books of their choice, your child is required to read The Silver Balloon by Susan Bonners near the end of the summer. The book is included with your summer packet. Each book is numbered and will be expected to be returned on the first day of school. The book will introduce your child to our first reading unit, which is friendship. We will participate in activities and projects during the first weeks of school.

Third Grade Required Book: The Silver Balloon by Susan Bonners
